

MEDIA RELEASE

NOTICE OF IMPENDING TERMINATION OF THE IMPOSITION OF ANTI-DUMPING DUTIES ON IMPORTS OF ELECTROLYTIC TINPLATE ORIGINATING OR EXPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA AND THE REPUBLIC OF KOREA

The Ministry of International Trade and Industry (MITI) wishes to inform that the anti-dumping duties imposed on imports of electrolytic tinplate originating or exported from the People's Republic of China and the Republic of Korea are due to expire on 15 November 2018.

The subject merchandise is the electrolytic tinplate classified under Harmonised System Code (H.S Code) Number 7210.12.9000.

Under the Customs (Anti-Dumping Duties) (No.3) Order 2013 [P.U. (A) 339/2013], the electrolytic tinplate is subject to anti-dumping duty rates ranging from nil to 9.78% of the export price from 16 November 2013 to 15 November 2018.

Interested parties likely to be affected by the termination of the imposition of the anti-dumping duties are invited to make their views known in writing. The views shall, in particular, address the following issues:

- a) whether the continued imposition of the anti-dumping duties is necessary to offset the dumping of the subject merchandise; and
- b) whether the injury is likely to continue or recur if the duties were removed.

The views shall be duly substantiated with sufficient documentary evidence.

Interested parties must present their views and submit the required information not later than 30 June 2018. The submission of the views shall be addressed to:
