## TRADE PERFORMANCE FOR JUNE 2022 AND THE PERIOD OF JANUARY-JUNE 2022

### New Record High for Trade, Exports and Imports

Malaysia's trade performance in June 2022 continued its stellar performance, registering an all-time record high for trade, exports and imports. Trade increased by 43.4% to RM270.39 billion compared to June 2021, the 17th consecutive month of double-digit growth. Exports recorded the 11th consecutive month of double-digit expansion, registering a strong growth of 38.8% to RM146.16 billion. Imports rose by 49.3% to RM124.23 billion while trade surplus declined marginally by 0.8% to RM21.93 billion.

The export growth was contributed by strong demand for electrical and electronic (E&E) products, petroleum products, liquefied natural gas (LNG) as well as palm oil and palm oil-based agriculture products. Exports to most major trading partners notably ASEAN, the United States (US), the European Union (EU) and Japan recorded double-digit growth. Highest monthly export value was registered to ASEAN, the US and the EU. On a month-on-month (m-o-m) basis, trade, exports, imports and trade surplus expanded by 18.4%, 21.3%, 15.2% and 72.7%, respectively.

Trade for the second quarter (Q2) of 2022 grew by 32.7% to RM730.36 billion, compared to Q2 2021. Exports climbed by 30.0% to RM394.24 billion and imports increased by 36.1% to RM336.13 billion. This was the highest quarterly value for trade, exports and imports. Trade surplus edged up by 3.2% to RM58.11 billion. Compared to the first quarter (Q1) 2022, trade, exports and imports rose by 16.9%, 14.3% and 20.1%, respectively while trade surplus contracted by 10.6%.

For the first half (H1) of 2022, trade was up by 28.2% to RM1.355 trillion from the same period last year. Exports increased by 26.1% to RM739.13 billion and imports grew by 30.9% to RM616.00 billion. Trade surplus climbed by 6.7% to RM123.13 billion. This was the highest half year value recorded for trade, exports, imports and trade surplus.

## Regional Comprehensive Economic Partnership (RCEP)

The Regional Comprehensive Economic Partnership (RCEP) Agreement is designed to broaden and deepen ASEAN's engagement with Australia, China, Japan, Korea and New Zealand. The objective of the trade agreement is to establish a modern, comprehensive, high-quality, and mutually beneficial economic partnership that will facilitate the expansion of regional trade and investment and contribute to global economic growth and development in the region.

2012

The decision to initiate the Regional Comprehensive Economic Partnership (RCEP) Agreement begins after the APEC Summit.

2020

The RCEP is officially signed by 16 participating countries along with 10 ASEAN FTA partner countries after 11 rounds of negotiations.

Total Population 2.2 billion

Total GDP USD 4.6 trillion (23.8% of the world's GDP)

### PRIMARY OBJECTIVES

The RCEP Agreement is designed to establish a modern, comprehensive, high-quality, and mutually beneficial economic partnership that will facilitate the expansion of regional trade and investment and contribute to global economic growth and development amongst member countries.

The single regional free trade agreement (FTA) is also intended to strengthen regional collaboration for businesses in the region, particularly the Small and Medium Enterprises (SMEs).

It is designed to create and support an open, inclusive, and rule-based multilateral trading system, which will in turn create avenues for market and employment opportunities for businesses and people within the region.

The trade agreement will allow businesses in RCEP member countries to gain access to a much wider regional market. Progressive elimination and reduction of customs duties for trade in goods across the facilitation of export and import of goods among the RCEP countries will assist in enhancing inter and intra-regional trade and investment while strengthening regional value chains.

Together with economic to spur economic growth in the region, it will also allow more seamless opening of markets which enabling uninterrupted supply chains within the region. The trade agreement is also intended to help facilitate expanding inter-market exchange and better cooperation for technical regulations and standards among RCEP member countries.

### KEY FEATURES OF THE RCEP

#### Trade in Goods

Progressive elimination of tariff and non-tariff barriers on substantially all trade in goods including the related chapters of rules of origin, customs procedures, sanitary and phytosanitary measures, standards, technical regulations and conformity assessment procedures and trade remedies in order to establish a free trade area among the parties.

#### Trade in Services

Liberalization of service sectors, including financial services, telecommunications and transport of natural persons. The RCEP will be comprehensive of high-quality and substantially preferential restrictions and/or discriminatory measures with respect to trade in services between the RCEP participating countries. Rules and obligations relating to services under the RCEP will be consistent with the General Agreement on Trade in Services (GATS).

#### Investment

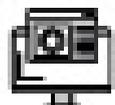

Provisional legislation, protection and liberalization of investment. The RCEP will aim to create a liberal, facilitative, and competitive investment environment in the region through three key pillars namely to create an enabling business environment in the region, along with improved investment facilitation provisions as well as investor efforts.

#### Economic & Technical Cooperation

The economic and technical cooperation provisions in the RCEP will build upon existing economic cooperation arrangements between ASEAN and ASEAN FTA partners to address the development gaps amongst member countries. Under the RCEP agreement, cooperation schemes will also extend trade activities such as include a consumer protection arena that would mutually agreed upon by the RCEP participating countries.

#### Protection Of Intellectual Property Rights

Based on existing Protection of Intellectual Property Rights, by promoting economic integration and cooperation the utilization, protection and enforcement of intellectual property rights amongst RCEP member countries.
