

 MEDIA STATEMENT

**INITIATION OF AN ANTI-DUMPING DUTY INVESTIGATION CONCERNING IMPORTS OF
FLAT ROLLED PRODUCT OF OTHER ALLOY AND NON-ALLOY STEEL, PLATED OR
COATED WITH ALUMINIUM AND ZINC ORIGINATING OR EXPORTED FROM
THE PEOPLE'S REPUBLIC OF CHINA, CHINESE TAIPEI AND THE SOCIALIST
REPUBLIC OF VIET NAM**

On 19 June 2026, the Government of Malaysia (Government) received a petition from a domestic producer, NS Bluescope Malaysia Sdn. Bhd. (Petitioner), requesting for an anti-dumping duty investigation on imports of flat rolled product of other alloy and non-alloy steel, plated or coated with aluminium and zinc originating or exported from

the People's Republic of China, Chinese Taipei and the Socialist Republic of Viet Nam (subject merchandise). The Petitioner alleged that imports of the subject merchandise originating or exported from the alleged countries were sold at a price much lower than their domestic selling price in the alleged countries (dumped price).

The Petitioner further claimed that the dumped imports from the alleged countries have increased in terms of absolute quantity and have caused material injury to the domestic industry. The Government has assessed and considered the information and evidence of dumping, injury and causal link set out in the Petition and decided to initiate an anti-dumping duty investigation on imports of the subject merchandise pursuant to section 20 of the Countervailing and Anti-Dumping Duties Act 1993 (Act 504) and regulation 7 of the Countervailing and Anti-Dumping Duties Regulations 1994 (Regulations). The Government has also determined the Period of Injury Determination (POID) and Period of Investigation (POI) for this investigation as follows:

Year 1: 1 January 2023 – 31 December 2023

Year 2: 1 January 2024 – 31 December 2024

Year 3 (POI): 1 January 2025 – 31 December 2025

In accordance with Act 504 and the Regulations, a preliminary determination will be made within 120 days from the date of initiation. If the preliminary determination is affirmative, the Government will impose a provisional anti-dumping duty at the rate that is necessary to prevent further injury to the domestic industry.

All submissions of information and questionnaire responses must be made by electronic means via Trade Remedies Investigation Management System (TRIMA), which can be accessed at <https://traderemedies.miti.gov.my>. Relevant interested parties are to provide their views in writing, questionnaire responses and additional supporting evidence, to MITI by electronic means **by 17 August 2026**.

In the event the interested parties do not provide the necessary information or the information, and views are not received in an adequate form within the specified time limit, the Government may make its preliminary determination or final determination on the basis of the available facts in accordance with section 41 of Act 504.

MINISTRY OF INVESTMENT, TRADE AND INDUSTRY (MITI)

06 Ogos 2026

About MITI:

The Ministry of Investment, Trade and Industry (MITI) plays a pivotal role in positioning Malaysia as a competitive global hub for investment, trade and industry. Through forward-looking policies and strategic initiatives, MITI facilitates quality investments, advances industrial transformation, strengthens international trade partnerships, and drives Malaysia's resilient and sustainable economic progress.
