### FINAL DETERMINATION OF AN ANTI-DUMPING INVESTIGATION CONCERNING IMPORTS OF COLD ROLLED COILS OF IRON OR NON ALLOY STEEL, OF WIDTH MORE THAN 1300MM ORIGINATING OR EXPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA, JAPAN, REPUBLIC OF KOREA AND THE SOCIALIST REPUBLIC OF VIET NAM

---

The Government of Malaysia has concluded the anti-dumping investigation concerning imports of cold rolled coils of iron or non-alloy steel, of width more than 1300mm (subject merchandise) from the People's Republic of China, Japan, Republic of Korea and the Socialist Republic of Viet Nam and decided to impose final affirmative anti-dumping duties as follows:

#### People's Republic of China

Angang Steel Company Limited	4.82%
Maanshan Iron and Steel Co., Ltd.	4.76%
Shougang Jingtang United Iron & Steel Co., Ltd.	8.74%
Others	26.38%

#### Japan

All Producers/Exporters	26.39%
-------------------------	--------

#### Republic of Korea

POSCO	Nil
Others	3.84%

#### Socialist Republic of Viet Nam

POSCO Vietnam Company Limited	7.70%
Others	20.13%

The Government has also made a final determination that the definitive anti-dumping duties will not be imposed on imports of:

- tin mill black plate; and
- subject merchandise for automotive and transformer's finwall end-usage.

The Royal Malaysian Customs Department will enforce the collection of anti-dumping duties and this measure will be effective for five (5) years, from 25 December 2019 to 24 December 2024.

The investigation was initiated by the Government of Malaysia in accordance with the Countervailing and Anti-Dumping Duties Act 1993 and Countervailing and Anti-Dumping Duties Regulation 1994 on 29 March 2019 based on a petition filed by Mycron Steel CRC Sdn. Bhd. on

behalf of the Domestic Industry producing cold rolled coils. The Petitioner alleged that subject merchandise from the alleged countries are being imported into Malaysia at a price lower than the selling price in their respective domestic markets, causing material injury to the Domestic Industry in Malaysia.

With the imposition of anti-dumping duties on imports of subject merchandise from the alleged countries, it is expected that the issue of unfair trade practices will be addressed.

Interested parties, such as local producers, importers, foreign producers/exporters and associations related to the investigation can have access to the non-confidential version of the public report on the Final Determination by submitting a written request to:
