2020

With the entry into force of the First Protocol to Amend ATIGA on 20 September 2020, the AWSC Scheme would be implemented on the same date.

# What is AWSC?

AWSC is a trade facilitation initiative that allows exporters who have demonstrated their competence to comply with ATIGA Rules of Origin requirements, known as “Certified Exporters”, to self certify the origin status for their goods to be eligible for ATIGA tariff preferences.

AWSC is replacing the current Self-Certification Scheme (SCPP1 and SCPP2). Once the AWSC is implemented, Certified Exporters (CE) are able to make Origin Declaration for the export of goods to all ASEAN Member States.

To promote this new scheme, ASEAN Secretariat, with support from ASEAN-USAID IGNITE, has initiated some outreach programmes, such as the development of certified exporter database, creating a website on AWSC ([awsc.asean.org](http://awsc.asean.org)) and producing brochures and infographics to enhance the awareness of the private sector and relevant government agencies on this new implementation.

# How will the Importing Authority know that I am a Certified Exporter?

MITI will need to upload all the CE information into this system using specific format/template.
